# Safety **BREAKFAST** Meeting

**Topic:** *Defensive Driving—Fleet Safety*

**How am I driving?**

- Define the characteristics of defensive driving
- Review safe driving techniques including; following distance, acceleration & braking and driving conditions
- Driving in inclement weather (rain, fog, ice, etc.)
- Detail what a preventable accident is, how they can be controlled and what to do when they occur

**\*\* All attendees will receive a Certificate of Participation \*\***

**Guest Speaker: Ted R. Leavitt, BS**

## 24+ YEARS OF EXPERIENCE

As a 28-year Navy veteran, Ted is an action-oriented professional with a broad knowledge of the safety, health, and environmental fields. Ted has developed numerous training programs for the Department of Defense (DOD), U.S. Navy, and Boretti, Inc. clients.

His experience includes Confined Space, Dry Ice, Lithium Battery Disposal, Ergonomic Assessments, Job Safety Analysis, Fall Protection, Hazard Communication, and Fleet/Traffic/Motorcycle Safety. He has developed 2500+ individual Lockout/Blockout procedures and completed 250+ injury and motor vehicle investigations, completing trend analysis based on injury statistics.

Ted is well versed in conducting assessments, inspections, and audits ensuring compliance with OSHA, Cal/OSHA, NFPA, DOD, U.S. Navy, and Japanese Environmental Governing Standards (JEGS).
